Section 1. Chemical Product and Company Identification

Product name: ZEP 2000
Product Use: Aerosol Penetrating Grease
Product Code: 4164
Date of issue: 12/30/04
Supersedes: 02/18/04

Emergency Telephone Numbers:
- Compliance Services 1-877-I-BUY-ZEP
- INFOTRAC (877) 541-2016 Toll Free - All Calls Recorded
- CHEMTREC (800) 424-9300 - All Calls Recorded
  In the District of Columbia (202) 483-7616

Prepared by:
Acuity Specialty Products Group
1420 Seaboard Industrial Blvd.
Atlanta, GA 30318

Section 3. Hazards Identification

Acute Effects Routes of Entry: Absorbed through skin. Inhalation.

Skin: Hazardous in case of skin contact (irritant, permeator). Skin inflammation is characterized by itching, scaling, or reddening. Product may be dermal absorbed. Defatting properties, may aggravate an existing dermatitis.

Eyes: Hazardous in case of eye contact (irritant). Inflammation of the eye is characterized by redness, watering, and itching.

Inhalation: Hazardous in case of inhalation (lung irritant). Avoid breathing vapors or spray mists. Over-exposure by inhalation may cause respiratory irritation. Can cause central nervous system depression. Symptoms and signs include headaches, dizziness, fatigue, muscular weakness, drowsiness and, in extreme cases, loss of consciousness.

Ingestion: Harmful if swallowed. Aspiration hazard if swallowed- can enter lungs and cause damage. Vomiting increases risk of chemical pneumonia.

NOTE: MSDS data pertains to the product as delivered in the original shipping container(s). Risk of adverse health effects are lessened by following all prescribed safety precautions, including use of proper personal protective equipment.

Carcinogenic Effects: Ingredients: Not listed as carcinogen by OSHA, NTP or IARC.

Chronic Effects: Prolonged or repeated contact may dry skin and cause irritation. Over-exposure by inhalation or absorption can cause central nervous system depression.

See Toxicological Information (section 11)
Section 4. First Aid Measures

Eye Contact: Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.

Skin Contact: Wash affected area with soap or mild detergent and water. Remove contaminated clothing and shoes. Wash clothing before reuse. If irritation persists, get medical attention.

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion: Aspiration hazard if swallowed- can enter lungs and cause damage. Never give anything by mouth to an unconscious person. Do NOT induce vomiting unless directed to do so by medical personnel. Get medical attention immediately.

Section 5. Fire Fighting Measures

Flash Point: Closed cup: <-18°C (<0°F) Flammable Limits: LOWER: 1.2%  UPPER: 6.7%

Flammability: Extremely flammable. (CSMA) Aerosol that may flashback.

Fire Hazard: Vapor may cause fire. Vapors may accumulate in low or confined areas, travel considerable distance to source of ignition and flash back. Container explosion may occur under fire conditions or when heated.

Fire-Fighting Procedures: Dry chemical, carbon dioxide, foam, water fog. Wear special protective clothing and positive pressure, self-contained breathing apparatus. Cool containing vessels with water jet in order to prevent pressure build-up, autoignition or explosion.

Section 6. Accidental Release Measures

Spill Clean up: Large spills are unlikely due to packaging.

Section 7. Handling and Storage

Handling: Extremely flammable liquid and vapor. Keep away from heat, sparks and flame. Use only with adequate ventilation. Avoid breathing vapors or spray mists. Avoid contact with eyes, skin and clothing. Wash contaminated clothing before reusing. Wash thoroughly after handling.

Storage: CONTENTS UNDER PRESSURE. Store and use away from heat, sparks, open flame, or any other ignition source. Keep away from heat and direct sunlight. Keep container in a cool, well-ventilated area. Do not store above 49°C (120.2°F). Do not puncture or incinerate. Keep out of the reach of children.

Section 8. Exposure Controls, Personal Protection

Personal Protection

Eyes: Safety glasses.

Respiratory: Use with adequate ventilation. Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective threshold limit value. Wear appropriate respirator when ventilation is inadequate. Approved/certified respirator with organic vapor cartridges.

Section 9. Physical and Chemical Properties

Physical State: Liquid. (Aerosol.)

pH: Not applicable.

Boiling Point: Not determined.

Specific Gravity: 0.75 (Water = 1)

Solubility: Insoluble in cold water, hot water.

Color: Amber.

Odor: Solvent-like.

Vapor Pressure: Not determined.

Vapor Density: Not determined.

Evaporation Rate: >1 compared to Butyl acetate.

VOC (Consumer): 50.0% 3.12 (lb/gal) 374 (g/l)

Section 10. Stability and Reactivity

Stability and Reactivity: The product is stable.

Incompatibility: Avoid contact with strong oxidizers, excessive heat, sparks or open flame.

Hazardous Polymerization: Will not occur.

Hazardous Decomposition Products: Carbon oxides (CO, CO₂) and sulfur oxides (SO₂, SO₃...)

Section 11. Toxicological Information

Toxicity to Animals: Hydrotreated Light Petroleum Distillates:

ORAL (LD₅₀): Acute: >5000 mg/kg [Rat].

DERMAL (LD₅₀): Acute: >2000 mg/kg [Rabbit].
Section 12. Ecological Information
Ecotoxicity Not available.
Biodegradable/OECD Not available.

Section 13. Disposal Considerations
Waste Waste Stream Waste must be disposed of in accordance with federal, state and local environmental control regulations. Code: D001 Classification: - (Hazardous waste.) Origin: - (RCRA waste.)

Consult your local or regional authorities.

Section 14. Transport Information
Proper shipping name Consumer Commodity
DOT Classification ORM-D
UN number Not available.

NOTE: DOT classification applies to most package sizes. For specific container size classifications or for size exceptions, refer to the Bill of Lading with your shipment.

Section 15. Regulatory Information
U.S. Federal Regulations SARA 313 toxic chemical notification and release reporting:
No products were found.
Clean Water Act (CWA) 311: No products were found.
Clean air act (CAA) 112 regulated toxic substances: No products were found.
All Components of this product are listed or exempt from listing on TSCA inventory.

Section 16. Other Information
To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein.

Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.
