Section 1  General Information

Manufacturer:
Zinsser Company, Inc.
173 Belmont Drive
Somerset, NJ  08875
(732) 469-8100

Emergency Telephone:  Chemtrec (800) 424-9300                  Date:  December 1, 2006

Product Name:        DIF Fast Acting
Codes:              02480  02481  02486  02488

Section 3  Hazard Identification

Emergency Overview: This material is a clear fluid liquid with a mild odor. This material is not flammable and has a flashpoint above 200° F.

Primary Routes of Exposure:
Inhalation
Skin Contact

Potential Acute Health Effects:
Eye:  May cause eye irritation.
Skin:  Prolonged or repeated skin contact may cause irritation.
Ingestion:  Not hazardous under intended use conditions.
Inhalation:  Not hazardous under intended use conditions.

Potential Chronic Health Effects: None known.
(See also Sections 4, 8, and 11 for related information)
Section 4  First Aid Measures

Eye contact:  Flush eyes with water for at least 15 minutes.

Skin contact:  Wash with soap and water.

Ingestion:  If the person is conscious and able to swallow have them drink water to dilute. Call a poison control center, physician, or emergency room.

Inhalation:  No specific treatment is necessary since this material is not likely to be hazardous by inhalation. If exposed to excessive levels of vapors or mists, remove to fresh air and seek medical attention if cough or other symptoms develop.

Section 5  Fire Fighting Measures

Flash Point (method):  >200°F

Extinguishing Media:  Use foam, carbon dioxide, or water spray when fighting fires involving this material.

Protection of Firefighters:  As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6  Accidental Release Measures

Clean Up Methods:  Keep unnecessary people away. Floors may be slippery; care should be exercised to avoid falls. Dike and contain spill with inert material (sand, earth, etc.) and transfer liquid to containers for recovery or disposal.

(See also Section 8 for information on Exposure Controls and Personal Protective Equipment)

Section 7  Handling and Storage

Handling:  Protect against physical damage.

Storage:  Store at ambient temperature. Keep from freezing.

Section 8  Exposure Controls / Personal Protection

Engineering Controls:  If necessary, use general room dilution ventilation, process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits.
Personal Protective Equipment (PPE):

**Eye Protection:** Eye contact should be avoided. Where eye contact is likely, wear chemical splash goggles and/or full-face shield.

**Skin Protection:** None needed under normally anticipated use conditions. Individuals who have skin sensitivities should wear rubber gloves and other protective clothing to prevent skin contact.

**Respiratory Protection:** None needed under normally anticipated use conditions. If vapor levels exceed allowable exposure limits, wear a NIOSH approved air-purifying respirator with an organic vapor cartridge.

**General Hygiene Practices:** Avoid eye and skin contact. Avoid breathing vapors. Wash hands before eating and drinking.

### Section 9  Physical Data

### Section 10  Stability and Reactivity

**Stability:** Stable, non-reactive.

**Hazardous Polymerization:** Will not occur.

**Hazardous Decomposition Products:** None known.

**Incompatibility:** None known.

### Section 11  Toxicological Information

**Carcinogenicity:** IARC = No  NTP = No  OSHA = No
Section 12  Ecological Information

Chemical Fate and Effects: No data available.

Section 13  Disposal Considerations

Recommended Waste Disposal Method: This material is not considered hazardous waste under Federal Hazardous Waste Regulations (40CFR 261). However, state and local requirements for waste disposal may be more restrictive or otherwise differ from federal regulations. Chemical additions, processing or otherwise altering this material may render the waste management information presented in this MSDS incomplete, inaccurate or otherwise inappropriate. Consult all applicable federal, state, and local regulations regarding the proper disposal of this material.

Section 14  Transportation Information

Not regulated by the US DOT

Section 15  Regulatory Information

CERCLA: The Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA) requires notification to the National Response Center for releases of quantities of Hazardous Substances equal to or greater than the reportable quantities (RQs) in 40 CFR 302.4 (for CERCLA 102).

Components present in this product at a level which could require reporting under the statute are:

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>CAS#</th>
<th>Maximum Concentration (Wt. %)</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>N/A</td>
<td>N/A</td>
</tr>
</tbody>
</table>

SARA Title III, section 311/312: The Superfund Amendments and Reauthorization Act of 1986 (SARA) Title III requires emergency planning based on Threshold Planning Quantities (TPQs) and release reporting based on Reportable Quantities (RQs) in 40 CFR 355 (used for SARA 302, 304, 311 and 312).

Components present in this product at a level which could require reporting under the statute are:

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>CAS#</th>
<th>Maximum Concentration (Wt. %)</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>N/A</td>
<td>N/A</td>
</tr>
</tbody>
</table>

SARA Title III, section 313:

N/A: Not Applicable  N/D: Not Determined  N/E: Not Established  N/R: Not Required  Est.: Estimated
The Superfund Amendments and Reauthorization Act of 1986 (SARA) Title III requires submission of annual reports of release of toxic chemicals that appear in 40 CFR 372 (for SARA 313).

Components present in this product at a level which could require reporting under the statute are:

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>CAS#</th>
<th>Concentration (Wt. %)</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>N/A</td>
<td>N/A</td>
</tr>
</tbody>
</table>

TSCA:

The components of this mixture are listed in the Toxic Substance Control Act Inventory of Chemical Substances.

This product contains the following chemicals which require export notification under section 12(b) of the TSCA regulation:

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>CAS#</th>
<th>TSCA Section</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dipropylene Glycol Monomethyl Ether</td>
<td>34590-94-8</td>
<td>Sec. 4</td>
</tr>
</tbody>
</table>

Section 16 Other Information

Legend: N/A: Not Applicable N/D: Not Determined N/E: Not Established N/R: Not Required STEL: Short Term Exposure Limit C: OSHA Ceiling Value cps: Centipoise mg/m³: milligrams per cubic meter mppcf: million particles per cubic foot of air. PPM: Parts Per Million PEL: Permissible Exposure Limit TLV: Threshold Limit Value TWA: Time Weighted Average

ACGIH: American Conference of Governmental Industrial Hygienists CPSC: Consumer Product Safety Commission DOT: US Department of Transportation FHSA: Federal Hazardous Substance Act OSHA: Occupational Safety and Health Administration (US Dept. of Labor) RCRA: Resource Conservation and Recovery Act SARA: Superfund Amendment and Reauthorization Act Skin: This substance has the potential to be absorbed systemically through the skin.
